Rynone...A Brand You Can Trust

Shown: Staron® Pebble Gold

Shown: Staron® Sanded Sahara

Rynone Solid Surface countertops, work surfaces and other products are manufactured from a high-performance resin, infused with vibrant color pigments and shaped into beautiful, flowing one-piece surfaces. The non-porous, easy-to-clean material is durable and stain resistant, making it ideal for areas where sanitation is important. The color and style options can enhance any room or setting. Every Rynone product is manufactured with special care and craftsmanship to ensure the quality your project deserves. Rynone is a name you can trust.

Eight Reasons to Choose Rynone Solid Surface

Design Options – Available in a beautiful color palette that can meet any design style and preference.

One-Piece Designs – Formed into one-piece countertops for a seamless, functional finished appearance.

Smart Investment – Achieve a high-end look that enhances the value and ambiance of any residence, institution or business setting.

Stain Resistant – Non-porous solid surface countertops are stain resistant because they do not allow spills to permeate the material.

Sanitation – Easy to clean; ideal for food contact, bathrooms and other areas where sanitation is important, including healthcare, institutional and commercial applications.

Durable & Renewable – Resists wear; the color goes all the way through so scratches and blemishes can be easily removed, restoring the top to its original beauty.

Maintenance – Can be made in one piece, integrating sinks and eliminating seams and grouted joints for easy cleaning and maintenance.

Sustainability – Rynone uses eco-friendly processes to manufacture our countertops.
